# RESIDENTIAL PROJECT

---

From the moment they were laid, the **Emperador Light** became the focal point of the residence. Their rich, chocolatey hue added warmth to the interiors, while their glossy surface reflected the play of light, creating an illusion of space and depth. The visionaries behind this endeavor were a team of talented architects and designers, driven

by a passion for creating spaces that exuded sophistication and style. Guided by their unwavering commitment to excellence, they embarked on a quest to redefine the concept of modern living.

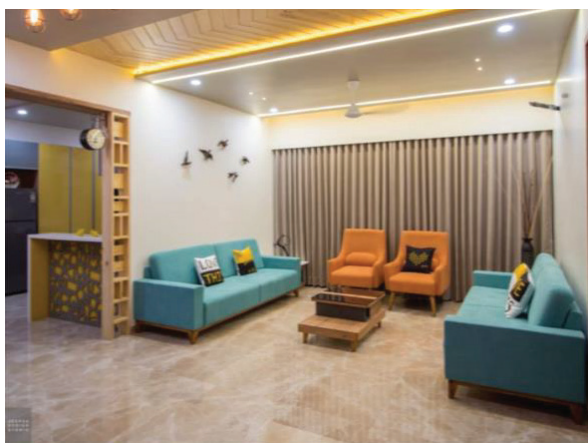

## DESIGN AND SIZE

## EMPERADOR LIGHT : 1200 X 2400 MM | LUSTROUS

A harmonious blend of form and function, brought to life by the timeless elegance of Emperor Light
